<u>Number of Pupils and Sports Funding received.</u>	
Total number of Pupils	123
Carry Forward from 2019-2020	£0
April - August	£
Autumn Funding	£
Total Sports Funding	£17,230
Funding made up of £16,000 per school and £10 per pupil.	

### Why do we receive Sports Premium Funding?

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation and is central to meeting the government's ambitions for a world-class education system.

Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers.

Ensuring that pupils have access to sufficient daily activity can also have wider benefits for pupils and schools, improving behaviour as well as enhancing academic achievement.

The government say that the sports premium funding in schools should be used to secure improvements in the following 5 indicators:

- Engagement of all pupils in regular physical activity.
- Profile of PE and sport is raised across the school as a tool for whole-school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

Indicator	Project	Funding	Aims	Participation Target	Impact
