

## Spotlight on the Tigers:

This term Tigers have been finding out all about Volcanoes in geography and linking this with our writing where we are building up to write a quest to a volcano. We have also been learning about Food through Science where we are discovering how our digestive system functions, and also in Religion and how food plays an important role in religious activities throughout the main faiths of the world. Finally, the Tigers have really been enjoying Swimming lessons with so many pupils making great progress in the pool.

The Tigers Class welcomed students from Caldew Lea last week to join us for an afternoon Sports Festival. All children were fantastic and had a lovely afternoon.
